

- 8 planned 4+ bed houses were downsized to 2 & 3 bed houses.
- Off street parking spaces in 20 new builds increased from 32 to 60.
- The planning status of EH settlement was downgraded from RA1 to RA2. This reduced B&NES' target for new builds in EH by 35 houses.
- EH has a Village Character Assessment benchmark against which the suitability of new planning applications can be assessed.
- EH has a Construction Management Plan which when imposed as a planning condition on a new development site, can control developers' unreasonable construction activities.
- A new defibrillator at the EH Playing Fields AND two fully equipped First Responders in Chew Valley to improve emergency attendance times.
- EH Playing Fields receive an annual grant of £2,000 to help maintain this facility.
- Since 2018, any new Development in the village must pay a Community Infrastructure Levy (CIL) of which 15% is available to EHPC to invest in local infrastructure. So far £8,000 has been contributed to the new EH Playground to get this project over the line.
- Keeping our roads and surface water gulleys clear all year round.
- Help maintain our EH Clocktower and telephone box.
- Negotiate extra funds for EH wherever possible. (e.g. £3.5k under the sweeper deferral scheme and a grant of £2.1k towards installing the Hearing Loop within the EH Theatre).
- Help keep our verges clear of litter with the annual litter pick in April.
